

Nursery Home Learning January 2021

We hope you are all staying safe. Here are a few activities to try while we can't come to nursery. Please send any photos or videos of your home learning to the school Facebook page or Nursery DOJO page, we'd love to see them!!

<https://www.youtube.com/watch?v=Y9LLfv7yauM>

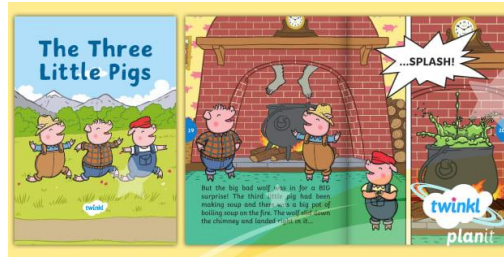

We have all been enjoying the Koo Koo Kangaroo routines so here's a new one! Remember watch and copy what you see. You can show us all next week when we're back!

Our new Talk for Writing story this half term will be The Three Little Pigs. Please watch the story on you tube or read any copies of the stories you may have at home. Here are a couple of examples.

This half term our role play area will become a toy shop. If you are at the shop with your child please point out things such as price tags, opening times etc. Also talk about paying for items with money or debit cards and receiving change. You could also look at different coins and talk about their value. Maybe do some sorting, "Can you find all the pennies in this pile?" or some coin rubbings.

Last term we looked at number one and two and this term we will be moving on. Please practise recognising and writing numerals one and two.

We will be thinking about the following 2D shapes this half term, circle, square, triangle, rectangle. Please look for objects around the house which have faces these shapes. Draw around the objects and talk about the shapes you've made. For example, I've drawn a rectangle, it has four straight sides, it has four corners. 2 sides are long and 2 are shorter.

Try some fun handprint animals.
